CCAC OVERVIEW

Dan Mcdougall, Sr Fellow
CCAC Secretariat

Annual Meeting of the Thematic Working Group on Agriculture, Food Security and Land Use
CCAC 2030 STRATEGY: KEY DIRECTIONS

- Driving an Ambitious Agenda
- Supporting National Transformative Actions
- Advancing Policy-Relevant Research & Analysis

- at least 40% of methane by 2030 compared to 2010
- up to 70% of black carbon by 2030 relative to 2010
- 99.5% of HFCs by 2050 compared to 2010
Partners, the driving force

Hubs, where we join forces
— Strategic SLCP Planning Hub
— Sectoral Hubs

Scientific Advisory Panel, proving confidence and cutting-edge knowledge

Secretariat, facilitator of action
THE COALITION’S TOOLKIT
