Raising Ambition for Transport in your Nationally Determined Contributions

01 Mitigation Targets
Include specific transport sector CO₂ mitigation targets supported by sustainable transport measures.

02 Engagement
Work with cities and regions, companies, civil society and academia to develop robust and implementable targets.

03 Maximise Impacts
Align and integrate sustainable low carbon transport strategies with your Paris Agreement Long-Term Strategy and wider sustainable development priorities.

04 A-S-I
Incorporate Avoid, Shift, and Improve strategies to reduce the negative environmental impact of transport and increase equitable access.

05 Finance & Investments
Shift finance towards low carbon and resilient transport priorities, eliminate fossil fuel subsidies and phase out internal combustion engines.

06 Planning & Tools
Integrate urban, transport and land use planning policies and tools to support the achievement of your transport targets.

07 Adaptation
Set goals and plans for the adaptation and resilience of transport systems.

08 Electrification
Accelerate electrification of buses, cars, vans, and 2- and 3-wheelers accompanied by low carbon electricity supply and advanced grid integration.

09 Freight
Address freight transport emissions, which account for 40% of energy use in the transport sector.

10 Aviation and Maritime
Include goals on aviation and maritime transport - two of the fastest growing sectors.
