

## Private sector's roles in improving MSW management to mitigate climate change

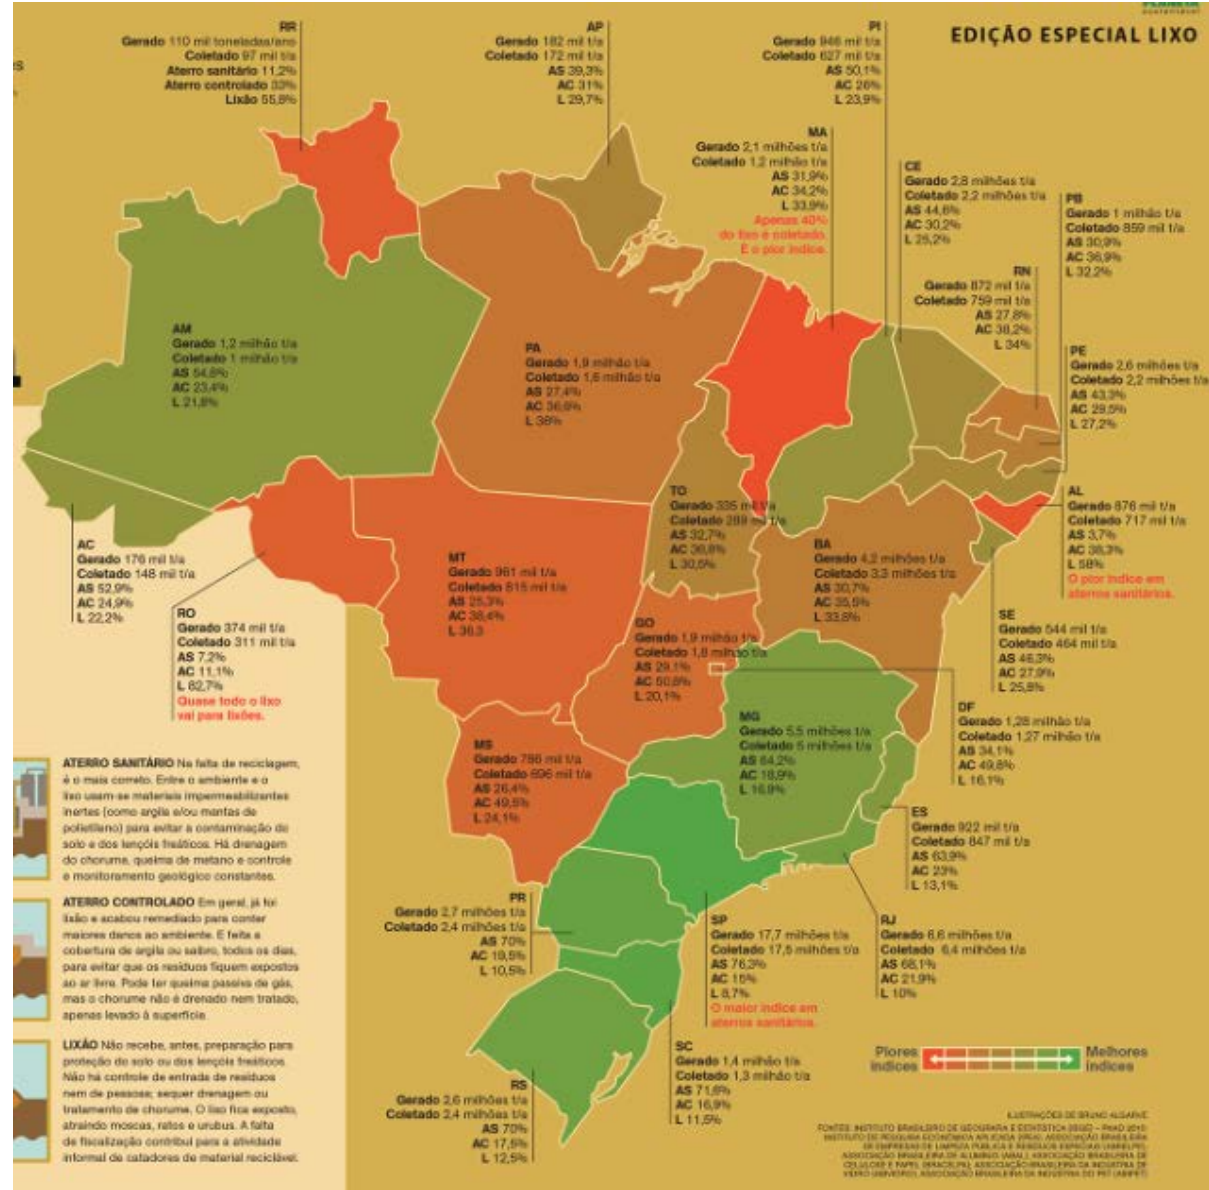

**FURTHER, FASTER— TOGETHER**

Marrakech  
Partnership

# Waste sector in Brazil

- 78 million tons
- 3,000 dumpsites
- 60% landfilled
- 8% recycling
- 1% composted
- 2 pilots AD

# Barriers

- Good laws, lack of enforcement
- Legal uncertainty
- Defaults
- Lack of budget/specific income

# About ABRELPE

-  Brazilian Association of Public Cleansing and Waste Management Companies;
-  40 members (companies) responsible for around 75% of the sector in Brazil;
-  Independent, non-profit;
-  National Member of ISWA in Brazil;
-  Cooperation agreements with the entities from national, state and municipal levels.
