

CLIMATE & CLEAN AIR COALITION
TO REDUCE SHORT-LIVED CLIMATE POLLUTANTS

FAST ACTION • QUICK RESULTS • MULTIPLE BENEFITS

WHY INVEST

The Climate and Clean Air Coalition is a wise investment for your climate finance portfolio.

We are the only global organisation focused on reducing short-lived climate pollutants – actions which deliver results for developing countries and are imperative to meet the Paris Agreement targets.

INVESTING SUPPORTS

Fast action to reduce emissions at scale through:

- Political engagement – critical for driving change
- Policy development
- Training and capacity building
- Peer-to-peer support
- Pre-project planning and feasibility
- Science support and research

A pipeline of fundable projects:

Our new financing strategy focuses on creating a pipeline of finance-ready projects. We work with funders like the World Bank, regional development banks, Green Climate Fund, and Global Environment Facility.

MULTIPLE BENEFITS FROM YOUR INVESTMENT

CLIMATE

0.6°C avoided warming by 2050

FOOD SECURITY

52 million tonnes of avoided crop losses from 4 major staples per year

HEALTH

2.4 million avoided premature deaths annually from outdoor air pollution

SUSTAINABLE DEVELOPMENT GOALS

Contribution to meeting the SDGs related to air quality, health, and food security

RESULTS AND IMPACTS

COUNTRIES ACTIVELY WORKING IN

81

POLICY CHANGES ACHIEVED

130

27 new or improved laws and regulations supported in **17 countries** on waste management, heavy-duty diesel vehicles and bricks production

Over 100 policies and plans including improved waste management plans in 70 cities

65  **COMMITMENTS**

48 **COUNTRIES WITH INCREASED INSTITUTIONAL CAPACITY**

Over 120 knowledge resources and tools

30,000 person-days of training

OVER 160 political awareness raising, and decision-making outreach events

WHY INVEST

HOW YOUR INVESTMENT IS USED

Supports the partnership to reduce warming in the near-term

From 6 country partners in 2012 there are now over 60 in 2018, covering all regions of the globe.

Together, we share knowledge, increase each other's awareness and capacity to act, and define priorities for action. We take collective and concerted fast action on SLCPs— at all scales: national, regional, city, and community.

Strategic investment – big results

We operate at scale, seeking solutions at the level of policy and political determination that go far beyond single-project outcomes.

EFFICIENT AND TRANSPARENT MANAGEMENT

The CCAC Trust Fund is managed by UN Environment and has a robust reporting framework.

Our donors and partners drive our work. They:

- Set priorities and strategies
- Propose new initiatives
- Allocate funding
- Oversee and steer implementation
- Deliver results

FUNDING ALLOCATED TO ACTIVITIES

\$54 MILLION

allocated to activities on the ground
Implementation rate: 75%

CO-FUNDING

\$42 MILLION

co-funding from our partners

INITIATIVES

AGRICULTURE

BRICK PRODUCTION

COOLING & REFRIGERATION

HEAVY-DUTY VEHICLES

HOUSEHOLD ENERGY

OIL & GAS

WASTE

FINANCE

HEALTH

NATIONAL PLANNING

REGIONAL ASSESSMENTS

The IPCC emphasizes the importance of action on short-lived climate pollutants and collaborative platforms to achieve the 1.5°C goal.

“ A collaborative, voluntary, flexible platform – prioritizing action over negotiation ”

COALITION PARTNERS

- Countries
- Development banks
- NGOs
- UN organizations
- Philanthropies
- Private sector
- Researchers
- Think tanks
- Subnational governments
- Cities
- Local organisations
